

Roby Jay Pastores

Full Stack Developer

Taguig City, PH
robipastores@gmail.com
09567387411

I am a goal-oriented Full Stack Developer committed to building efficient, scalable, and user-friendly web applications. My primary objective is to deliver high-quality solutions that solve real-world problems while maintaining clean, maintainable code and optimal performance. I strive to continuously improve my technical skills in both front-end and back-end development, ensuring that I stay updated with modern technologies and industry best practices. I am driven to contribute to the success of every project by meeting deadlines, collaborating effectively with teams, and adapting quickly to changing requirements. My goal is to create impactful digital solutions that enhance user experience, streamline business processes, and add measurable value to organizations.

Professional Experience

Full Stack Developer *DevHub Software Solutions, Taguig, BGC | June 2022- Present*

- Implemented RESTful APIs for seamless communication between front-end and back-end systems.
- Integrated AJAX for real-time data updates without page reloads, improving user experience.
- Worked with version control systems (e.g., Git) for code management and team collaboration.
- Built responsive and user-friendly interfaces with modern UI frameworks, ensuring cross-device compatibility.
- Maintained and deployed applications on live servers, including debugging and performance monitoring.

Jr. Web Developer *Technosite IT Solutions, Cauayan City, Isabela | August 2021 - September 2022*

- Enthusiastic and detail-oriented **Junior Web Developer** with 1 year of hands-on experience in building and maintaining responsive, user-friendly websites and web applications. Proficient in **HTML, CSS, JavaScript**, and frameworks like **Bootstrap** and **Tailwind CSS**, with working knowledge of **PHP, MySQL**, and **basic front-end/backend integration**. Experienced in collaborating with senior developers, fixing bugs, and optimizing website performance. Passionate about clean code, continuous learning, and delivering modern digital solutions that improve user experience and functionality.

Education

Bachelor of Science in Information Technology in BSIT

University of Perpetual Help System Isabela, Cauayan City,
Isabela | June 2015 - May 2020
Bachelor of Science in Information Technology

Key Skills

- PHP (Core PHP, MVC Structure) / Server-side Logic & Validation
- RESTful API Development / Complex Queries, Joins, Indexing
- Database Design & Optimization / JSON, Data Handling
- API Integration (SMS, Payment Gateways) / Postman (API Testing)

Accomplishments

Software Engineer *Testdome | November 2024*

- Certified **Software Engineer** with a strong foundation in **Java, Python, and JavaScript**, backed by credentials such as **Oracle Certified Java Programmer** and **Meta Front-End Developer Professional Certificate**. Skilled in using frameworks like React, Node.js, and Django to build user-centric, responsive web applications. Experienced in agile development environments and cloud integration

Cyber security Quezon City University | December 2024

Security-focused and analytical **Cybersecurity Professional** with hands-on experience in threat detection, risk assessment, and network security. Certified in **CompTIA Security+**, **Certified Ethical Hacker (CEH)**, and **Cisco CyberOps Associate**. Skilled in incident response, vulnerability

management, and security awareness training. Dedicated to safeguarding digital assets through proactive and defensive security strategies.

Interests

- Building and exploring new web technologies and frameworks
 - Developing scalable web applications and system architectures
 - Problem-solving through coding challenges and system optimization
 - Learning modern development tools and best practices
- API integration and real-time application development

Conclusion

I am a passionate and goal-driven Full Stack Developer dedicated to delivering high-quality, scalable, and efficient web applications. With a strong foundation in both front-end and back-end development, I am committed to continuously improving my skills and contributing to innovative projects that create real value.

I am eager to bring my expertise, problem-solving mindset, and dedication to a dynamic team where I can grow professionally and help achieve organizational goals.

Closing Statement

Thank you for taking the time to review my application. I look forward to the opportunity to contribute my skills and be part of your team.

Sincerely,
Roby Jay Pastores
Full Stack Developer
